

PENCIL GRIP COMPARISON: COMFY VS. CROSSOVER

Comfy Grip

VS

Crossover Grip

Level of Support

Moderate – promotes natural finger placement

Finger Guidance

Gently encourages tripod grasp

Ideal For

Early learners, sensory seekers

Skill Level

Beginner to intermediate writers

Benefits

Comfortable, reduces fatigue

Texture & Feel

Soft and squishy – great for sensory input

Level of Support

High – adds structure to prevent incorrect grip

Finger Guidance

"Superhero cape" guides fingers into position

Ideal For

Kids who cross fingers or struggle with control

Skill Level

Intermediate to those needing corrective support

Benefits

Corrects bad habits, builds proper muscle memory

Texture & Feel

Slightly firmer with a guiding shape
